CPRC Initial Review Process

1. Full Review: Protocols other than those eligible for expedited review or acknowledgement.
2. Expedited Review: Retrospective chart review, retrospective sample review, data repository, and specimen-banking studies.
3. Acknowledgement: Protocols that have been previously approved by recognized peer-review bodies and their affiliated organizations, such as National Institute of Health (NIH), National Cancer Institute (NCI), Centers for Disease Control (CDC), and the National Clinical Trials Network (NCTN).
